Team Commissions

Build your team by placing Promoters on both the Left and Right sides of your business. Each product has an assigned Sales Volume (SV), which accumulates and flows up through your business as you and your team make product sales.

A great benefit of QuiAri's Compensation Plan is that it is based on teamwork. When you and your team purchase product for personal use or sell to Customers, you generate Group Sales Volume (GSV). The Group Sales Volume your team accumulates will determine the size of your Team Commissions. When you accumulate 200 Group Sales Volume on both the Left and Right side of your business, it generates a commission cycle of \$20 USD.

Figure A

Lifestyle Pack	300 SV (Sales Volume)
Starter Pack	150 SV (Sales Volume)
Kickstart Combo Pack	75 SV (Sales Volume)
QuiAri Shake	50 SV (Sales Volume)
QuiAri Energy	25 SV (Sales Volume)

Cycles, which include all new product orders and monthly re-orders, are calculated in real time and paid approximately 5 minutes after they are earned. Please note that Team Commissions are capped at \$50,000 USD per week in income. See the official [Income Disclosure Statement](#) for details.

The Group Sales Volume on the Left and Right sides of your business are not always going to match perfectly as one side of your team may grow faster than the other. Once Team Commissions are paid out, any unused Sales Volume is banked and available for use for future commission calculations as long as you remain Active.

Getting Started

Once you've signed up and paid your \$25 USD Promoter fee, you will immediately receive everything you need to start building your business: self-replicating marketing website, Back Office, mobile app, free marketing tour, and more.

Now, you may begin building a QuiAri business by sponsoring people as Promoters or Customers. QuiAri Promoters may immediately begin purchasing products for their personal consumption and/or selling to Customers.

Step 1:

Open Your Business Center

QuiAri's Compensation Plan revolves around Business Centers. A Business Center is the hub of your business activity, through which your product purchases, volume, and sales accumulate.

You will begin to accumulate Personal Sales Volume (PSV) from each product sold to your personally sponsored Customers and Promoters. To open your Business Center and begin earning Team Commissions, you'll need to generate a minimum 50 PSV. Please note that your personal product purchases do not count towards commission qualifications of any type.

To stay active, you will need to generate a minimum of 50 PSV each month.

What Happens If You Become Inactive?

If, at any time, you allow your Business Center to become inactive for a **period of 60 days**, all Sales Volume will be erased. The volume will begin at 0 when your Business Center is reactivated. Please remember that you must meet sales requirements at all times in order to qualify for commissions.

Step 2:

Sign up for AutoDelivery

Available to both Promoters and Customers, an AutoDelivery order is a recurring product shipment that is sent directly to you on a monthly basis. By signing up for AutoDelivery, you can save 10% on your product purchase!

Although this is not required, it is helpful to become a “product of the product” so you can talk about the benefits first-hand. AutoDelivery is the perfect way to keep product available for your personal use and help ensure you have a minimal inventory to sell to Customers or pass out samples.

Step 3:

Start Building

While always inviting new Customers, you'll also want to find two new Promoters to join your team (for example, Sam and Amy in Figure B). These new Promoters will form the Left and Right sides of your Business Center. As the three of you sponsor new Customers and Promoters, your Business Center and income will begin to grow.

For example, suppose you sponsored a third new Promoter named Tom. You must place Tom in an open position somewhere in your organization, so you place him on the right side of your Business Center under Amy. Not only will you benefit from the volume Tom generates as he builds his own business, but Amy will also benefit from his efforts as well. The QuiAri Compensation Plan allows you and your Promoters to build a successful business by working together!

How Do I Add A New Promoter To My Team?

With our intelligent and intuitive system, Prospects are automatically placed on the Left or Right legs of your team to maximize your earnings. If you would like to change it so that Prospects are placed in a specific leg, you may go into your Back Office at any time and choose Left or Right. You also have the option to manually place Prospects in your Back Office. Simply choose any open position to place them and send them a link to the application.

As commissions are calculated and paid in real-time, QuiAri's Corporate Office cannot change the placement of new Promoters once they have been entered into the system.

How To Earn Matching Bonuses
